

Literacy Link Cluster Meetings

Are you interested in leading literacy in your school?

Perhaps you were nominated as a Literacy Link Teacher in your school?

Or you may have attended the Improving Literacy Through SSE seminars in your local education centre last year?

If you answered 'yes' to any of the above then the literacy link cluster meeting is for you !!!

These meetings are facilitated by PDST literacy advisors in your local education centre. The meetings are provided in the context of school improvement to discuss issues of common concern, to share good practice and to engage in ongoing professional development.

**To book your place at the meetings go to:
